## EDUCATION

### SRM University AP

Bachelor of Technology in Computer Science Engineering

Andhra Pradesh, India

Oct. 2022 - Jul. 2026

### Hetauda School of Management and Social Science

Intermediate (+2)

Hetauda, Nepal

Jul. 2020 - May 2022

## EXPERIENCE

### Frontend Developer

Jun. 2024 - Jul. 2024

Satyadip International Pvt Ltd

Remote

- Architected and deployed responsive web applications using **React.js** and **Bootstrap**, improving performance and user experience.
- Optimized load speed by 1.5–2s via **code-splitting**, **lazy loading**, and asset delivery improvements.
- Identified and resolved performance bottlenecks, enhancing application speed and ensuring seamless functionality.

## PROJECTS

### UniLink – University Social & Networking Platform | *React, Node.js, Express, MongoDB, OAuth* | GitHub

Apr. 2025

- Engineered a full-stack social networking platform for university students to create profiles, share posts, comment, and interact through likes.
- Implemented OAuth 2.0 authentication with secure RESTful APIs and SMTP-based email notifications for seamless and safe user experiences.
- Designed scalable, modular interface with role-based access control to support admin tools, content moderation, and future feature additions.

### ResumeXpert | *React, Tailwind CSS, Node.js, MongoDB, JWT* | GitHub

Mar. 2025

- Designed a full-stack **resume builder platform** supporting real-time preview, PDF export, and 6+ customizable sections using React and Tailwind CSS.
- Integrated secure **JWT-based authentication** and RESTful APIs to manage user sessions and handle over 100+ resume entries stored in MongoDB.
- Optimized user experience with responsive design, modular components, and advanced form validation using React Hooks and controlled inputs.

### Quiz Lab | *Next.js, TypeScript, Tailwind CSS, MongoDB, Gemini AI* | GitHub

Oct. 2024

- Developed an interactive **quiz-based learning platform** with 8+ Computer Science categories, including Programming, OS, Networks, and Cybersecurity.
- Built interactive dashboards to visualize quiz history, topic-wise scores, and performance trends, helping users track progress and stay engaged.
- Integrated **Gemini AI** to auto-generate quizzes from user-input topics and provide personalized performance feedback with 5+ curated learning resources.

## TECHNICAL SKILLS

**Programming Languages:** Java, C/C++, SQL, JavaScript, HTML/CSS

**Frameworks & Technologies:** React, Node.js, MongoDB, WordPress, Bootstrap

**Developer Tools:** VS Code, Jupyter Notebook, Google Colab, Figma

## ACHIEVEMENTS

- Earned **2+ certifications** in programming, including C, C++, and DSA, validating proficiency in **algorithm design, data structures, and software development**.
- Earned **NPTEL Python Certification (IIT Madras)** with a **70% score**, demonstrating expertise in **Python programming, data structures, and algorithm optimization**.
- Certified as a **MongoDB Associate Developer**, showcasing skills in **data modeling, query optimization**, and working with **NoSQL databases** in production environments.
